

Dear Sir:

I am the president of a group of 10 radio stations(7 FMs/3AMs) in upstate New York. I am opposed to the proposal to require radio stations to record their programming 24/7.

Our stations are all located in small markets...mostly unrated markets. Our staff sizes are small. We have about 30 full size employees for 10 stations. Plus none of our AM stations have revenues in excess of \$50,000/year.

With such low revenues it would be very difficult to afford the technology to record our stations 24/7.

I am opposed to this proposal.

Sincerely,

David Mance President

WTOJ/WATN/WOTT/WBDI/WBDR/WBDB/WCDO AM-FM/WSLB/WGIX
